Lugano Airport (LSZA): Modification of Approach and Departure Charges

Skyguide's approach and departure charges have not been subject to change since 2016. However, article 29 paragraph 4 of the Ordinance on Air Navigation Services stipulates that charges must be adjusted at least in line with the consumer price index (CPI).

To define the new charges, the index as at 31 December 2015 was taken as a reference, and compared with that for September 2024. The increase in the CPI represents 8%, which Lugano Airport plan to apply to approach and departure charges from 1st January 2026.

GEN 4.2 Annex 2

VFR Instruction & Training flights

Approach charges for Category II airports (Samedan excluded)
