AIC 011/2017 A

Effective Date: 12-OCT-2017

Publication Date: 12-OCT-2017

BALSI between LSGG ACC and TWR/APP and LFMM ACC

Introduction

Geneva ATC and Marseille ATC have been discussing about some airspace modifications in order to reduce the complexity of departing traffic from Geneva and Lyon airports.

Only airspace within French territory has been changed.

These airspace changes are implemented on 12 OCT 2017 and introduced with the release of an AIRAC AMDT in AIP France.

French charts will be updated accordingly on 09 NOV 2017.

Swiss Charts will be updated accordingly on 29 MAR 2018. Therefore, a discrepancy between the two publications will occur.

Be aware: over French territory one shall operate only with the appropriate French publications.

What is to change in Geneva airspace?

Please refer to AIP France 12 OCT 2017, including charts 09 NOV 2017.
